No. of use per roll	129.2	166.7	Increased by 29%

i

Cost per sheet is lower for Jumbo Roll Tissue (\$0.0015 vs. \$0.0037). However, due to higher usage per visit, higher cost incurred in the long run.

i

Centrepull Toilet Roll is more sustainable – cost, usage, environment wise.

i

Jumbo Roll Tissue is suitable for all sewage systems due to lower GSM. Centrepull Toilet Roll may not be suitable for older sewage systems.

THANK YOU.
